ELS Solutions Group, a Portuguese multinational advisory company for the pharmaceutical, food supplements and medtech industry, with operations and offices in Brazil, Mexico, Colombia, Chile, Argentina and European headquarters in Portugal, has just announced the completion of the acquisition process of the Brazilian company, Regulamenta, a leader in its sector of activity.

Regulamenta is a company specialized in developing customized solutions in the areas of Regulatory Affairs, Pharmacovigilance, Quality Assurance and Technical Processes, having customers throughout all the Brazilian territory.

Regulamenta services align with ELS Solutions' core business, thus enabling new business to be conducted quicker, with more efficient registration of new products and the anticipation of product launches, including the identification, development, licensing, launch and marketing phases of new products, increasingly faster than the competition. With this acquisition, ELS Solutions Group increasingly solidifies its leadership and capabilities in the registration, hosting and certification sector of healthcare companies and products, under local regulatory bodies. Providing services in regulatory affairs, distributor, customer and investor headhunting, and strategic sourcing of pipeline, ELS Solutions Group further strengthens its technical capacity, materializing its focus on quality.

Regulamenta directors, pharmacists and technicians with more than 10 years of technical experience and with extensive knowledge of the Brazilian market, join the ELS Solutions' Group team, with more than 320 years of accumulated experience, providing greater expertise and flexibility in the knowledge of these and other markets.

The acquisition of Regulamenta materializes the ELS solutions' group constant growth strategy, reinforcing its position as a solid company in the pharmaceutical advisory area in Latin America and Europe, always having as main objective to keep contributing intensely to the growth of its customers.

"This acquisition is an important step in our strategy of consolidation in the Brazilian market. Our motivation is clear: to become more capable to continue to grow our customers," emphasizes Diogo Sousa-Martins, President and CEO of ELS Solutions. *"Regulamenta has a technical capacity of excellence and its*
